Specs:

- LINE WEIGHT - 2 to 8 Pound Line
- LURE WEIGHT - 1/32 to 1/8 Ounce
- This is ideal for both rods. You can also go with heavier line and weight but it's not optimal for these rods.
- Sensi-touch™ blanks- made from the highest quality multi modulus pre-pregs.
- Halo-Sanded™ – for a stronger, lighter rod with great sensitivity.
- High impact, cut resistant comfort grip EVA.
- True split reel seat for better blank to hand transmission of vibration.
- Definite separation of tip and backbone for enhanced performance, castability, and control.
- Proprietary 316 Stainless Steel frames with industrial grade hard chrome inserts.
