

Tread®

5.5" POWERSPORT NAVIGATORS

PRODUCT UPDATE

PRODUCT UPDATE:

The Tread powersport navigators have a new software update available, which adds turn-by-turn trail navigation¹ for traversing unpaved roads and trails.

To update the software on the Tread devices, please use [Garmin Express™](#) desktop software, or perform a [wireless update](#) from your Tread device settings when connected to an active network with Wi-Fi® connectivity.

For a full overview of Tread product features, please review the product webpages below.

NEW FEATURES:

TRAIL NAVIGATION	Turn-by-turn trail navigation ¹ for traversing unpaved roads and trails using adventure roads and trails map content comprised of OSM and USFS Motor Vehicle Use Maps.
GROUP RIDE MOBILE	Use the Tread app on your compatible smartphone to access the Group Ride Mobile ² feature for tracking up to 20 friends on your phone's screen or your compatible Tread device.
EASY ROUTE PLANNER	Download the enhanced Tread app to your compatible smartphone to sync trip data across all your devices, and use the new easy Route Planner to plan routes with the same maps, vehicle profiles and route preferences that you have on the Tread device. You can also import and share GPX files of favorite routes and access live weather information.

¹Limitations may exist in map data for some road and trail route suggestions. Always defer to all posted road signs and conditions during vehicle operation. Garmin products using OpenStreetMap™ data are intended to be used only as supplementary travel aids and must not be used for any purpose requiring precise measurement of direction, distance, location or topography.

²Tracking via Group Ride Mobile requires the Tread app running on your and each friend's compatible smartphone with BLUETOOTH® technology and an active cellular connection.
