

ANNOUNCED: Q1 2018

NATRIX - XL
7008OLBLK

a KERSHAW ORIGINALS design

Sometimes, size does matter. The Natrix XL offers a big 3.75-inch blade and a satisfying 8.75-inch open length. The blade is 8Cr13MoV, expertly heat-treated by Kershaw to bring out its high-performance qualities. Black-oxide coating on the blade adds blade protection and looks great with the olive-drab G10 handle scales.
